

Dalry

NORTH AYRSHIRE

POPULATION **5,273**

Dalry in North Ayrshire was originally a weaving community, many sewing and embroidering for the Paisley and Glasgow manufacturers. In the 1840s coal mining changed the area. There were various iron works (the Ayrshire, Glengarnock, Eglinton and Blair) fired by local coal. Clay bricks were also manufactured. A large chemical plant (formerly Roche, now DSM) operates today producing vitamins.

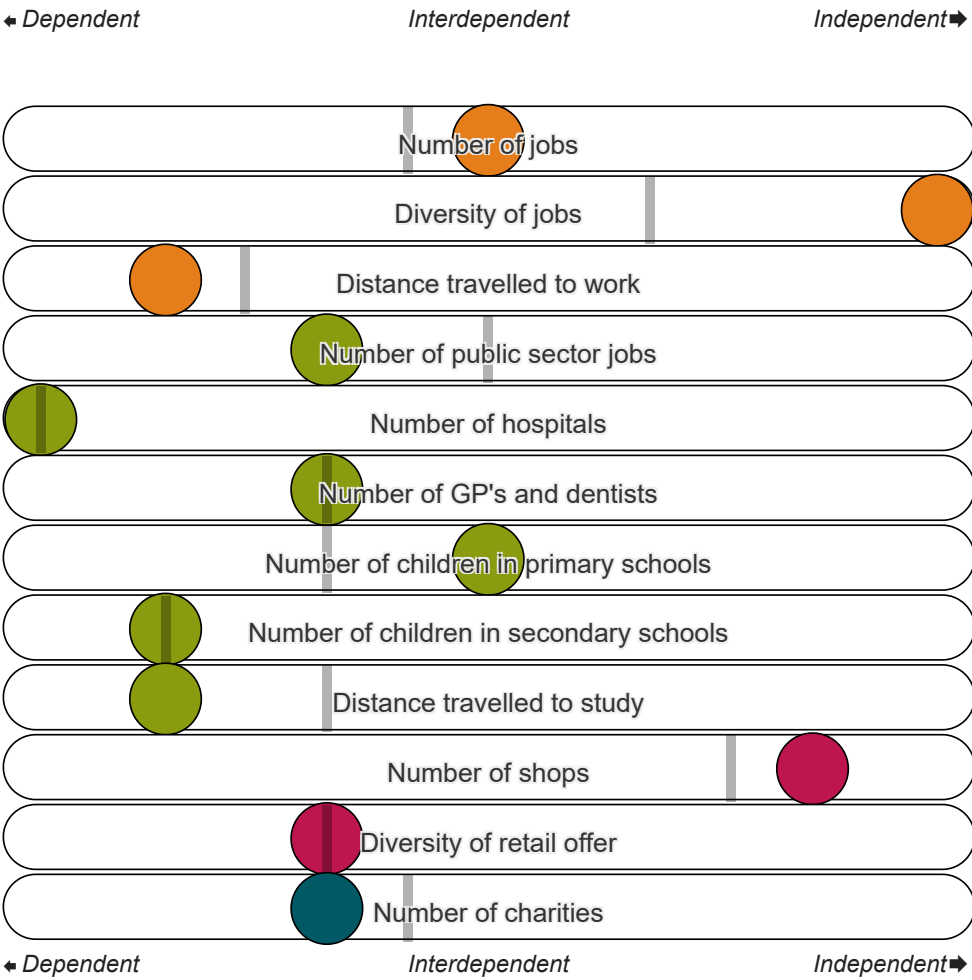

In this medium town, population includes older people, some still in work often in less well paid sectors. It also includes a significant inactive population, some in poorer health. There is a higher proportion of single households and car ownership is lower.

Dalry is an interdependent to dependent town.

Its most similar towns are [Beith](#), [Burntisland](#), [Dreghorn](#), and [Gretna](#).

To gain more insight into Dalry, compare it to any of the other towns included in USP.

Inter-relationships

Dalry is an **interdependent to dependent** town.

Combining inter-relationships and typology, Dalry is grouped with 7 other towns. It has similarities to these towns in terms of the number of charities, hospitals, children in primary schools, children in secondary schools, jobs, public sector jobs, shops, GP's and dentists, and diversity of retail offer. It also has similarities in the distance travelled to work.

Dalry differs most from its group in the diversity of jobs.
